

Everyone is equal flying in the water column...
...Bringing the vision to California

Diveheart is an incredible organization and it is the "CAN DO" spirit that Diveheart hopes to instil in all its participants by giving them the confidence and independence that allows them to face their own life challenges and overcome barriers that before might have seemed insurmountable.

Through SCUBA diving, the Diveheart Foundation supports and facilitates programs that teach children and adults with disabilities and the military wounded to fly. Thanks to the wonder of the water column, the oceans and lakes of the world become the forgiving weightless environment of outer space, giving perfect buoyancy to a child or adult who would otherwise struggle on land.

Diveheart: The Diveheart Foundation supports and facilitates programs that teach children and adults with disabilities

- Build confidence and independence
- Offer a sense of freedom and high adventure
- Empower individuals to set goals and believe in reaching for them

Event Invite

Jim Elliott – Founder and President of Diveheart will be instructing the local team on being a divebuddy for the disabled – we will be holding an Intro to Scuba event and you are invited for a first hand look at this incredible experience!

When: March 20th 2010
