

D I V E H E A R T

This Year you can help children, adults and veterans with disabilities "Imagine the Possibilities" in their lives with a donation to Diveheart.

Your tax deductible donation will help people of all abilities build confidence, independence, and self-esteem, while letting them escape gravity.....many times for the first time in their lives.

Your donation can also be directed to our capital campaign that will help Diveheart build an indoor, warm water pool facility for research, rehabilitation, education, training and vocational opportunities for those with disabilities.

The SCUBA THERAPY RESEARCH & REHABILITATION that Diveheart helps facilitate is revolutionizing rehabilitation for not just those with disabilities....but for people of All Abilities.

Your donation will help change the world for children, adults and veterans with disabilities and I personally can't thank you enough for your continued generosity, friendship and support. I hope you can share this Diveheart appeal with your friends, family, co-workers and social networks....thank you for considering Diveheart in your charitable giving this year.

Sincerely,
 Jim Elliott
 Founder/President
 Diveheart &
 Diveheart Military Wounded

The world is your oyster
